ESSENTIAL GENERAL SURGERY INSTRUMENTS

TIMESCO ESSENTIAL GENERAL SURGERY INSTRUMENTS

This catalogue has been produced to show some of the most popular General Surgical Instruments available from our complete product range.

Most surgical procedures will require a selection of general instruments and additional instrumentation specifically for the procedure involved, i.e. Gynaecology, Orthopaedics, E.N.T., Plastic Surgery etc. This catalogue illustrates the wide range of products which will commonly be used in most surgical procedures.

We have listed a large selection of dissecting forceps, artery forceps, needle holders, retractors, scissors and other essential items for general procedures.

Whilst the content of this catalogue has been carefully prepared with input from leading hospitals and consultants throughout the U.K. and Ireland, the range is by no means exhaustive or a full listing of our complete range. We produce over 6,000 surgical instruments covering all areas of surgery. We have a large range of catalogues for specialist areas of surgery which are available on request or via our website www.timesco.com.

The common thread through our product range is quality. All our surgical instruments are made of the highest grade stainless steels to exacting tolerances and specifications to produce some of the finest instruments available in the world. With over 40 years of manufacturing expertise, we believe our instruments provide excellent clinical performance and will provide years of trouble free service.

Our instruments are fully autoclaveable and covered by our unrivalled Lifetime Guarantee. If a product fails during its working life, due to a manufacturing or material defect, we will repair it or replace it - free of charge, with the minimum of fuss and delay. Can your current instrument provider deliver the same promise and back it up?

We hope this catalogue will give you a flavour of the exceptional range of quality surgical instruments we produce. If you have experienced the benefit of Timesco instruments, you will no doubt be familiar with the high level of service we provide to compliment the quality of our products. If you have not, simply contact your local Timesco Territory Manager or your local Timesco distributor for samples and further information, we promise you will not be disappointed.

TIMESCO – INSTRUMENTS FOR LIFE™

LIFETIME GUARANTEE

At Timesco, since 1964, we have maintained a simple philosophy, “look after our customers.” This is why all Timesco Reusable Surgical Instruments are covered by our unrivalled Lifetime Guarantee.

Should any of our reusable instruments crack, break, bend, deform, corrode or fail whilst being used for the intended purpose, we will simply replace it with a new one or repair it free of charge. This guarantee applies throughout the working life of the instrument.

We do not require purchase order numbers, copy invoices or other proofs of purchase, the Timesco brand on the product acts as your guarantee. All we ask is that the instrument is cared for and not abused. Our guarantee does not cover fair wear and tear. Please refer to the care and maintenance in our reprocessing instructions supplied with each instrument.

Should any of our products require attention at any time, we have a dedicated after sales team committed to resolving your problems, quickly and efficiently. Simply call us on (020) 7511 9980 or e-mail us at aftersales@timesco.com for our immediate attention. Customers based outside the UK should contact their local Timesco distributor.

QUALITY STANDARDS

All our reusable theatre instruments conform to the medical services directive 93/42/EEC.

Our instruments are manufactured to conform to the following standards (where applicable):

- BS 5194-2
- BS 5194-3
- BS 5194-4
- BSEN ISO 13402

Quality of Steel

Our instruments are manufactured from steel conforming to BSEN ISO 7153-1 or BS 5194-1 (where applicable). We are certified to ISO 13485 and all of our instruments are CE marked.
